How Do I Log In to R25?

You will be directed to install a "plug-in" and run an "add-on" to your computer before you are able to access the log in screen. Make sure you have administrative rights on your computer before downloading the plug-in. Some users have reported that a warning box opens with a message related to video mode settings. If this happens, click OK.

1. Open a Firefox browser and navigate to the Citrix Website.
