MEMORANDUM

DATE: September 13, 1990
TO: Chancellor Daniel E. Ferritor
FROM: Richard L. Lewis, Registrar 
SUBJECT: Enrollment Report -- Fall, 1990

Enclosed is the official report of on-campus headcount enrollment for Fall, 1990.

For comparison purposes, I am attaching a second copy of the 1990 report which shows percent changes from 1989.

Total enrollment is 14,600 students, 319 students (2.23%) greater than for Fall, 1989. This constitutes the largest fall enrollment since Fall, 1982 at which time the enrollment was 15,108 (the record enrollment was 15,604 in Fall, 1980).

The composition of the student body is changing slightly and only in selected categories as the enrollment pattern continues to be quite stable on an overall basis. There are increases of approximately 200 students each in those classified as sophomores and seniors and a decrease of approximately 200 freshmen when the data is compared to that of a year ago. There is, likewise, a decrease in the number of new freshmen as compared to Fall, 1989. The percentage of the total student body classified as freshmen has declined from 27.53% a year ago to 25.64% this year. The number of beginning freshmen has declined by 6.67% over a year ago. The number of new transfer students has increased by 30.57% over last year and now constitutes nearly 10% of the total student body. The number of readmitted students (i.e., former students who were not enrolled at the UofA this past spring or summer) has increased by 22.70% over a year ago. The number of Native American students continues to increase; there is an increase of 18.32% over last year and nearly 50% over the past two years.

The enrollment distribution by colleges is attached as an additional report. For the purposes of this report, undergraduates and graduates are grouped according to the college in which their programs reside. Education and Arts and Sciences have the most notable changes with each having an increase of over 100 students. The number of students in Business Administration has remained exactly the same as last year; no college had a decline in the total number of students.

In utilizing this data it is important to consider that the data accurately reflects those who are indicated in the data base as being enrolled. Due to changes in the procedures of

the treasurer's office, the attached official enrollment data may include a number of students whose enrollments have not been validated by making satisfactory financial arrangements and whose enrollments will be subsequently cancelled. Thus, the Fall, 1990 report may be an overstatement of official and completed enrollments and the comparisons with Fall, 1989 may not be entirely valid.

If I can provide further information, please let me know.
