THE UNIVERSITY MACE AND BATONS
The mace and batons are symbols of the authority and history of the University and are made from balusters from the original main staircase of Old Main, erected in 1875, the oldest University building now standing. The batons are carried by members of the faculty who are serving as marshals.

MARRSHALS’ GOWNS
The gowns worn by the marshals are of the traditional University color, cardinal red.

HONOR STOLES
White or cardinal stoles denote students who are candidates for University Honors. Cardinal represents Honors (cum laude) and white represents High Honors (magna cum laude). White stoles with cardinal and white cords represent Highest Honors (summa cum laude).

THE UNIVERSITY SONG
In 1909 a prize of fifty dollars was offered for the best poem relating to the University of Arkansas that should be capable of being set to music and used as a college song. Out of many entries, that of Mr. Brodie Payne, 1906, of Hot Springs won the prize. The words were set to music by Professor H. D. Tovey, Director of the Conservatory of Music and Art at the University.

ACADEMIC REGALIA
The styles of gowns differentiate degree level. Trim of doctoral gowns indicates nature of degree (black or royal blue — Ph.D.; light blue — Ed.D.). Certain members of the faculty wear distinctive gowns and hoods authorized by their doctoral institutions. The lining of the hood denotes the color(s) of the institution awarding the degree. The official colors of the University of Arkansas are cardinal and white.

The color of the velvet band around the hood designates the academic degree of the wearer. Some examples are listed below:

- Agriculture...............Maize
- Architecture...............Blue Violet
- Arts And Letters..........White
- Business And Bus. Admin. Drab
- Economics..................Copper
- Education...............Light Blue
- Engineering...............Orange
- Fine Arts...............Dark Brown
- Forestry...............Russet
- Human Envi. Sci. Maroon
- Humanities...............Crimson
- Journalism...............Crimson
- Law...............Purple
- Library Science Lemon Yellow
- Medicine...............Green
- Music...............Pink
- Nursing...............Apricot
- Pharmacy...............Solid Green
- Philosophy...............Royal Blue
- Physical Education Sage Green
- Public Admin...............Peacock Blue
- Public Health...............Salmon Pink
- Science...............Gold
- Social Science...............Cream
- Social Work...............Citron
- Speech...............Silvery Gray
- Theology...............Scarlet

THE UNIVERSITY SEAL
The Seal of the University of Arkansas is affixed to each diploma and is stamped in gold on each diploma cover. The central element in the Seal is the front entrance to Old Main, the oldest building on campus.
Veteran broadcast journalist, educator and documentary filmmaker Larry Foley is professor and chair of the School of Journalism and Strategic Media at the University of Arkansas. In 2017, he was inducted into the Mid America Emmy Silver Circle for a distinguished career invested in teaching, reporting, writing, producing and directing stories, mostly about his beloved home state of Arkansas. Foley was honored because he personifies the spirit of innovation, passion, creativity and commitment that are hallmarks of excellence in television arts and sciences.

Foley’s films have earned seven Mid America Emmys from the National Academy of Television Arts and Sciences, and 20 Emmy nominations in writing, journalistic enterprise, history, cultural history, special program and community service. His films have also received four Best of Festival of Media Arts awards from the international Broadcast Education Association.

Foley joined the faculty at the University of Arkansas in 1993. He is founder of the campus television station UATV, and has been inducted into the Lemke Alumni Society Hall of Honor and the Fayetteville Schools Hall of Honor. He is winner of the University of Arkansas faculty research award, Fulbright College Master Researcher award, the Individual Artist Governor’s Award from Arkansas Arts Council, and the Henry Award from Arkansas Parks and Tourism.
Presented by Patricia Koski, Dean of the Graduate School and International Education

Recessional

The University community wishes to express its appreciation for the assistance of all people who helped make the Spring 2021 University of Arkansas Commencement ceremony a success.
Rodney Slater helps clients integrate their interests in the overall vision for the transportation system of the 21st century – a vision he set as United States Secretary of Transportation to promote a safer, more efficient, automated, environmentally sound and sustainable worldwide transportation infrastructure.

As a partner at Squire Patton Boggs, a full-service global law firm with 44 offices in 19 countries on five continents, Slater’s practice focuses on many of the policy and transportation objectives that were set under his leadership, including automobile use and development, aviation competition and congestion mitigation, maritime initiatives, high-speed rail corridor development, and overall transportation safety and funding.

His state and local government clients rely on his expertise to address the challenge of closing the gap between transportation demand and capacity by employing public-private strategies and innovative financing solutions.

Slater’s bipartisan and inclusive approach to problem solving has earned him respect and admiration on both sides of the aisle, enabling him to have one of the best relationships with the White House, Congress and business, labor and political leaders worldwide.

He brings a strategic, results-oriented and collaborative approach to the practice of law to his public policy practice and continues to embrace the framework he established as secretary for making transportation decisions that called for more open, collaborative and flexible decision making across the transportation enterprise in the U.S. and abroad.

Slater chairs the Squire Patton Boggs Foundation Board of Directors. The foundation promotes the role of public service and pro bono work in the practice of law and the development of public policy and funds one of the University of Arkansas School of Law’s summer public service fellows, along with public policy fellows located around the world.

He is a 1980 graduate of the University of Arkansas School of Law. While in law school, he was a charter member and president of the Black Law Students Association and president of the Student Bar Association.

In addition to his passions for the law, public policy and public service, Slater is a founding partner of Washington D.C. Nationals 2019 World Series Championship Baseball team and chair emeritus of the Washington D.C. Nationals Youth Baseball Academy. He also donates his time and expertise to his alma mater. He is a member of the School of Law Campaign Arkansas Committee and returns to campus regularly as a guest lecturer and student mentor.

The University community wishes to express its appreciation for the assistance of all people who helped make the Spring 2021 University of Arkansas Commencement ceremony a success.
Melissa Corvera is an honor student majoring in History, Spanish and Latin American/Latino Studies. She is the daughter of Mr. and Mrs. Miguel Corvera. Melissa graduated high school from Springdale High School in Springdale, Arkansas.

She has been on the Dean’s List and Chancellor’s list throughout her academic career. Melissa’s honors thesis was on “The Racial Transformation of Exploitable Labor in the United States: The Bracero Program’s Contribution: 1942-1964”. Professor Steven Rosales, the Department of History, was her advisor for her thesis.

One of Melissa’s fondest experiences while at the U of A was being a member of the Razorback Marching Band. Some of her other activities included serving as an officer with the LULAC (League of United Latin American Citizens) organization; the UA for UNICEF, and Latinix on the Rise. She also worked as a translator for the Springdale Public School and served as an off campus student advisor.

Upon graduation, Melissa plans to enroll in the Masters in Teaching program to be a secondary high school history teacher.

The University community wishes to express its appreciation for the assistance of all people who helped make the Spring 2021 University of Arkansas Commencement ceremony a success.
U.S. Rep. Bruce Westerman is a Hot Springs native currently serving his fourth term as representative from the Fourth District of Arkansas, having first been elected in 2014. Westerman serves on the Committee on Transportation and Infrastructure and as Ranking Member of the Committee on Natural Resources. Westerman also serves on the Minority Whip Team under the leadership of House Minority Whip Steve Scalise.

Prior to serving in Congress, Westerman was elected to two terms in the Arkansas General Assembly, where he was the state’s first Republican House Majority Leader since Reconstruction following the 2013 GOP takeover of the Arkansas House of Representatives.

An engineer and forester by trade, Westerman worked for 22 years at Mid-South Engineering in Hot Springs. He was named Engineer of the Year by the Arkansas Society of Professional Engineers in 2013.

A 1990 graduate of the University of Arkansas with a Bachelor of Science degree in Biological and Agricultural Engineering, Westerman was a four-year walk-on member of the Razorback football team. He was awarded the Outstanding Young Alumni Award in 2005 and the Distinguished Alumni Award in 2012. Westerman is also a graduate of Yale University, earning a Master of Forestry degree in 2001.

Westerman lives in Hot Springs with his wife, Sharon, and their four children. He enjoys hunting and fishing.

The COLLEGE OF ENGINEERING HALL OF FAME

Established in 1965, the Hall of Fame is the highest honor bestowed by the College of Engineering at the University of Arkansas. The award recognizes prominent graduates and leaders who have made outstanding contributions to the engineering profession and to society as a whole. Members of the Hall of Fame have, throughout their careers, made a difference to the engineering profession and demonstrated concern for improving their communities. Their achievements have brought favorable attention to the College of Engineering, to the University of Arkansas and to the state of Arkansas.

The Hall of Fame is located on the third floor of Bell Engineering Center.
