Alma Mater

Pure as the dawn on the brow of thy beauty
Watches thy soul from the mountains of God
Over the Fates of thy children departed
Far from the land where their footsteps have trod.
Beacon of Hope in the ways dreary lighted;
Pride of our hearts that are loyal and true;
From those who adore unto one who adores us—
Mother of Mothers, we sing unto you.

We, with our faces turned high to the Eastward
Proud of our place in the vanguard of Truth,
Will sing unto thee a new song of thanksgiving—
Honor to God and the Springtime of Youth.
Shout for the victory or tear for the vanquished;
Sunshine or tempest thy heart is e'er true;
Pride of the hills and the white-laden Lowlands—
Mother of Mothers, we kneel unto you.

Ever the Legions of Sin will assail us,
Even the Battle in Cities afar;
Still in the depth will thy Spirit eternal
Beckon us on like a piloting Star.
Down the dim years do thy dead children call thee,
Wafted to sleep while the Springtime was new;
We, of the Present, thy Hope of the Future—
Mother of Mothers, we pray unto you.

University Traditions and Academic Regalia

The University Mace & Batons
The mace and batons are symbols of the authority and history of the University and are made from balusters from the original main staircase of Old Main, erected in 1875, the oldest University building now standing. The batons are carried by members of the faculty who are serving as marshals.

Marshals' Gowns
The gowns worn by the marshals are of the traditional University color, cardinal red.

Honor Stoles
White or cardinal stoles denote students who are candidates for University Honors. Cardinal represents Honors (cum laude) and white represents High Honors (magna cum laude). White stoles with cardinal and white cords represent Highest Honors (summa cum laude).

The University Song
In 1909 a prize of fifty dollars was offered for the best poem relating to the University of Arkansas that should be capable of being set to music and used as a college song. Out of many entries, that of Mr. Brodie Payne, 1906, of Hot Springs won the prize. The words were set to music by Professor H.D. Tovey, Director of the Conservatory of Music and Art at the University.

Academic Regalia
The styles of gowns differentiate degree level. Trim of doctoral gowns indicates nature of degree (black or royal blue - Ph.D; light blue - Ed.D.). Certain members of the faculty wear distinctive gowns and hoods authorized by their doctoral institutions. The lining of the hood denotes the color(s) of the institution awarding the degree. The official colors of the University of Arkansas are cardinal and white. The color of the velvet band around the hood designates the academic degree of the wearer. Some examples are listed below:

- Agriculture . . . . . . . . . Maize
- Architecture . . . . . Blue Violet
- Arts & Letters . . . . . White
- Busi. & Busi. Admin. . . . Drab
- Economics . . . . . Copper

Honorary Degree Recipient

Veronica Campbell Brown

Alumna Veronica Campbell Brown discovered her love for running when she was young. In rural Trelawney, Jamaica, a primary school teacher recognized her talent and advised her to embark on a career in track and field. During the next two decades, she dominated sprints at the international level, collecting 21 medals across five Olympic Games and seven World Championships.

Campbell Brown started her career with gold medals at the IAAF World Youth Championships in 1999 and then became the first woman to win both the 100- and 200-meter sprints the next year at the World Juniors. At only 18 years of age, she joined Jamaica’s 4x100-meter relay team for the 2000 Olympics, and they won the silver medal. A track scholarship to Barton County Community College in Kansas brought her to the United States, where she won four national junior titles. Upon finishing her associate degree at Barton, Campbell Brown transferred to the University of Arkansas, where she won the 200-meter sprint at the 2004 NCAA Indoor Championships, setting a new collegiate record and earning All American accolades.

She turned professional the next year while continuing her classwork as a marketing major in the Sam M. Walton College of Business. During her five Olympiads, she won three gold medals, three silver medals and two bronze. In the World Championships, she earned five gold, seven silver and one bronze. She was the first woman from the Caribbean to win a sprint title at the Olympics and the first woman to win the 100-meter title across the board in the World Youth Championships, World Junior Championships, the World Championships and the Olympic Games. She is the second of three athletes who have won the 200-meter dash in two consecutive Olympiads, finishing first in Athens and Beijing.

Amid her heavy running schedule, she graduated from the U of A with a Bachelor of Science in Business Administration in 2006. The next year, she married Omar Brown, also a U of A alumnus and sprinter from Jamaica. Campbell Brown retired from professional track and field in 2021. She has been inducted into the U of A Sports Hall of Honor and the Arkansas Sports Hall of Fame.

Today, Campbell Brown is an entrepreneur, motivational speaker, author, philanthropist, mother of two and former UNESCO ambassador. She chairs the Veronica Campbell Brown Foundation, which she founded with the core mission of assisting young girls who are unrepresented and lacking the necessary resources to obtain a high school education. She launched VCB FIT, an online activewear brand with the vision of providing women with functional products and inspiring them to maintain healthy and active lifestyles.

In her virtual talks, she provides strategies for corporate and university teams, as well as individuals to help them cope with stress. As a UNESCO Champion for Sport Ambassador, she uses her title to actively promote gender mainstreaming for women. She has also published two inspirational books on achieving fulfillment.

Outstanding Young Alumnus Award

Ricardo Ekmay

Ekmay is the senior vice president of nutrition and product development for Arbiom Inc. in Durham, North Carolina. Arbiom, an agricultural technology company focused on alternative proteins, uses technology to bring traditionally non-food materials into the food supply chain to meet society’s growing nutritional needs. Ekmay is also an adjunct assistant professor at the U of A, where he earned master’s (2008) and doctoral (2011) degrees in poultry science. Before going to Arbiom in 2017, he spent several years as a research scientist with Dow AgroSciences, gaining experience in product development, regulatory affairs and science policy advocacy.

Following a postdoctoral fellowship at Cornell University, where he earned his bachelor’s (2004) degree in animal science, Ekmay began his career at Dow AgroSciences. He received the company’s early career achievement award in 2014. Ekmay’s expertise in sustainable food systems helped Arbiom earn Triangle Business Journal’s Life Sciences Award for Best Agricultural Technology Company and Best Early-Stage Product Development Company in 2018 and 2019, respectively. He was recognized by the Triangle Business Journal as a 40 Under 40 Leadership Award recipient.

Ekmay is chair of the American Feed Industry Association’s nutrition committee, is on the AFIA aquaculture committee, is an industry liaison to the American Society for Nutrition’s experimental animal nutrition interest group, a member of the American Society of Animal Science’s nominating committee and has served as a subject matter expert for committees and task forces for Crop Life America, International Life Science Institute, EuropaBio and the International Livestock Research Institute. He is also heavily involved with Latin-Hispanic advocacy programs. He serves as the chair of the board of directors for the North Carolina Society of Hispanic Professionals and is on the ASAS Diversity, Equity and Inclusion Committee.
Unless otherwise noted, students listed in the Commencement program are candidates for graduation. Appropriate degrees and honors will be awarded following Commencement to the candidates who successfully complete all requirements. This is not an official list of graduates.

The University community wishes to express its appreciation for the assistance of all people who helped make the Spring 2023 University of Arkansas Commencement ceremony a success.
Alex Alvarez is graduating with a Bachelor of Arts in Political Science and International Studies. She has a 4.0 cumulative GPA and was a Rhodes Trust Scholarship Finalist. During the summer of 2022 she attended the Public Policy and international Affairs Junior Summer Institute at Carnegie Mellon University’s Heinz College of Information Systems and Public Policy and then received an Arkansas Department of Higher Education Student Undergraduate Research Fellowship later that same year. Alex is very passionate about her research projects which have been focused on LGTBQ rights in Latin America. She will expand on this research as she pursues graduate study in International Affairs. Alex worked for University Housing as a Resident Assistant for three years and was named “Returning RA of the Year” for the 2021-22 academic year. She was also very active in Associated Student Government serving most recently as Membership Development Coordinator. She was named “Cabinet Member of the Year for the 2020-21 academic year.

When asked what she will remember most about her time as an undergraduate she said “…the way that the University empowered me to be the best version of myself, from the amazing individuals I got to work with every day in University Housing, the Associated Student Government, and my incredible professors, advisors, and supervisors that pushed me to be better, to explore new things, and to not be afraid to do it all with my identity and passion at the forefront. I would not be the individual I am now without their support and the support that this university has given me and for that I could not be more thankful.”

Alex’s family is from Venezuela. They moved to Bentonville, AR, which is where Alex grew up. She loves her family and her heritage, which is one of the reasons her research focuses on Latin America. As she transitions to selecting a graduate school (she has already been accepted to several top-tier programs) and plans her next move, she has this advice for current undergraduate students: “As you go on to find your next adventure, remember to keep your peace and self intact. What you do from here on out should be for the fulfillment of YOU, your goals, your dreams, and it should be something that you do with your most authentic self at the forefront. It isn't easy, but you all did it and will continue to go forward and do great things! Remember to enjoy the little things, find joy in the people and places that make you happy, and to do it all remembering to love and empower yourself along the way.”

Reginald J. Miller
VP, Global Chief Diversity, Equity, & Inclusion Officer

As McDonald's Vice President, Global Chief Diversity, Equity, and Inclusion Officer, Reginald J. Miller oversees the company’s global DEI strategy with a focus on transformational change around the world. Reggie began his career at McDonald's in November 2020. He joined McDonald's from VF Corporation, where he served as Vice President, Global Inclusion and Diversity, building the company’s first Inclusion & Diversity strategy, and turning it into an award-winning program. Reggie has worked in a variety of disciplines including supply chain, merchandising, international project management and multiple specialties within human resources. Prior to joining VF, he was a D&I leader at Walmart where he was responsible for D&I strategy, reporting, and consultation for all Walmart stores in the U.S. and was a Talent Acquisition and D&I/Talent Acquisition leader at Tyson Foods. He also was an instructor and faculty administrator for the University of Phoenix for several years. A U.S. Army Veteran, he served as a Supply Sergeant with deployments to Afghanistan and Uzbekistan. In addition, he holds a Bachelor of Science degree in Education -HR Development and a Master of Science in Education -Workforce Development from the University of Arkansas. He received his MBA from Webster University. Reggie serves on many boards including, but not limited to the Boys and Girls Club of Chicago, Camber Outdoors, Unidos, and Paradigm for Parity. The National Diversity Council listed Reggie on the Top 50 Chief Diversity Officer list in 2020 and Top 100 Chief Diversity Officer list in 2021. He was recently named to the Power List for Chief Diversity Officers by Color Magazine.
Outstanding Alumni Award Winners

Yuri Hosokawa
PhD, ATC, FACSM

Yuri Hosokawa is an Associate Professor at the Faculty of Sport Sciences, Waseda University, Japan. Her research interests include prevention and education of sudden death in sport, establishing best practices in road race medicine, developing regional-specific heat guidelines for exertional heat illness prevention, and developing heat acclimatization guidelines for tactical athletes. She is also partaking in research projects in biometeorology to promote interdisciplinary research across physiologists, climatologists, and public health researchers. Dr. Hosokawa served as a member of the International Olympic Committee Adverse Weather Impact Expert Working Group for the Olympic Games Tokyo 2020 and led the effort to implement best practices for prehospital care of exertional heat stroke in Japan. She established and coordinated prehospital exertional heat stroke management plans for seventeen disciplines during the Olympics and five disciplines during the Paralympics that were deemed high risk for exertional heat stroke. Tokyo Games marked Japan's first mass-sporting event to implement evidence-based exertional heat stroke prehospital care. Hosokawa’s effort set the standard for future athlete medical service and showcased the expertise of athletic trainers in Japan.

Dr. Hosokawa currently serves as a heat advisor for the Japan Coast Guard, Fifth Regional Coast Guard, to optimize the resilience of the special rescue team. She is also a member of the Expert and Advisory Board of the World Athletics’ World Academy for Endurance Medicine and the World Lacrosse Medical Commission. Dr. Hosokawa received her bachelor's degree in Sport Sciences from Waseda University in 2011, her master's degree in Athletic Training from the University of Arkansas in 2013, and her doctoral degree from the University of Connecticut in 2016. She then completed a postdoctoral fellowship at the Korey Stringer Institute (2016–2017) and worked at the Ritsumeikan University as an Assistant Professor in the College of Health and Sport Science (2018–2019).

John Buckwalter
PhD

John Buckwalter, PhD currently serves as the Provost and Vice President for Academic Affairs at Boise State University. Boise State University is a metropolitan doctoral institution that serves ~25,000 students, with the vision of being a premier student success driven research university innovating for statewide and global impact. In 2021 Boise State University was named one of the top 50 national universities for innovation by US News and World Report. Prior to joining Boise State University in 2021, Dr. Buckwalter served for 8 years as the Betty L. Tointon Dean of the College of Health and Human Sciences at Kansas State University. The college was comprised of six departments, multiple centers, and institutes, and had an enrollment of ~2800 students. The academic programs aligned with Business, Design, Teacher Education, Human Behavior and Health Sciences. Prior to joining Kansas State University in 2013, he spent six years at the University of Texas at Arlington as chair of the Department of Kinesiology and then as the Associate Dean for Research and Graduate Studies in the College of Education and Health Professions. Prior to moving to Texas, he spent 12 years at the Medical College of Wisconsin where he began as a Post-Doctoral Fellow and eventually rose to the rank of Associate Professor of Anesthesiology. During his time in Wisconsin, he developed a primary research agenda related to the neural control of blood flow during exercise. Dr. Buckwalter’s research has been supported by a number of sources including grants from both the National Institutes of Health and the American Heart Association. Originally from Arkansas, Dr. Buckwalter earned a B.A. in Spanish and B.S. in Health and Physical Education at Centenary College in Shreveport Louisiana and both a MS and PhD in Kinesiology from the University of Arkansas at Fayetteville. He is a Fellow of both the American Physiological Society, and the American College of Sports Medicine.
Outstanding Alumni Award Winners

Dr. Fred A. Bonner, II
Professor

Dr. Fred A. Bonner, II is Professor and Endowed Chair in Educational Leadership and Counseling and Founding Executive Director and Chief Scientist of the Minority Achievement, Creativity and High-Ability (MACH-III) Center at Prairie View A&M University. He is formerly the Samuel DeWitt Proctor Endowed Chair in Education in the Graduate School of Education at Rutgers University and an esteemed expert in the field of diversity in education. Prior to joining Rutgers, he was Professor of Higher Education Administration and Dean of Faculties at Texas A&M University-College Station. He earned a B.A. in Chemistry from the University of North Texas, an M.S. Recessional March ............................................. Arkansas Winds
Mr. Michael Ferguson, Conductor

*The University community wishes to express its appreciation for the assistance of all people who helped make the Spring 2023 University of Arkansas Commencement ceremony a success.*
Troy C. Alley Jr., a native of Pine Bluff, Arkansas, is president of the Real Estate Division and chief operating officer of Con-Real LP, where he is responsible for brokerage, leasing and other real estate services. Under his direction, Con-Real was the first African-American owned firm to perform major leasing and management services for Prudential Realty and Connecticut Mutual Life Insurance Company in the southwest United States.

Troy has an extensive background in real estate development, land acquisition and eminent domain valuations. Having received the MAI designation from the Appraisal Institute, he is widely recognized as a real estate professional with over 30 years of diversified experience involving real estate evaluations and feasibility studies. Troy received his Certified Property Management designation and has managed various types of projects throughout the years. He has also worked extensively with the management and leasing of transitional properties and in conjunction published a newsletter outlining investment potentials.

Troy has served as the chairman of the Texas Real Estate Research Center located at Texas A&M University. He is also the vice chairman and continually serves as a commissioner for the Texas Real Estate Commission. He is a member of the Dallas Board of Realtors and the Texas Association of Realtors. He also is a board member at Southern Methodist University and a member of the Engineering Advisory Board at the University of Texas at Arlington. In 2007, Troy was instrumental in creating a new “2-3” program allowing students at the University of Arkansas at Pine Bluff to transfer to the Fayetteville campus to complete engineering degrees. He received his MBA from Southern Methodist University and completed advanced studies at the Massachusetts Institute of Technology.

A tireless advocate for our engineering students, Troy was also instrumental in the development of the Engineering Career Awareness Program, often known as “ECAP,” designed as a recruitment-to-graduation diversity program to help the College of Engineering meet the increased national demand for qualified engineers. In addition, Troy is the founder of the Alley Scholars Program, whose purpose is to assist students in developing networking, leadership and entrepreneurship skills through relationship building. An annual summit features the Alley Scholars “Shark Tank – Business Plan Competition Challenge,” which is attended by many students, major speakers and entrepreneurs nationally. Troy is also a 2008 recipient of the College of Engineering Distinguished Alumni Award. He was inducted in the College of Engineering Hall of Fame in 2016. He and his wife, Unnice, reside in Desoto, Texas.

Special Thanks --
• Leah and the Mojo Doctors for providing music for today’s ceremony.
• avad3 Productions for providing sound for today’s ceremony.

The University community wishes to express its appreciation for the assistance of all people who helped make the Spring 2023 University of Arkansas Commencement ceremony a success.
Kelly Barnes
Partner, Global and U.S. Health Industries Leader (Retired)
PwC

Kelly Barnes earned a Bachelor of Science in Business Administration in accounting in 1987 and a Master of Science in accounting in 1988, both from the Walton College. After graduation, she joined PwC, where she held numerous roles, retiring as Global and U.S. Health Industries Leader in 2020. As U.S. and Global leader of Health Industries, Barnes guided a team of over 10,000 professionals across all U.S. and Global health-related industries, including assurance, tax and advisory services across the payer, provider, pharmaceutical and life sciences sectors. Under her leadership, PwC became a brand-defining leader in health industries, setting forth what PwC has trademarked as the “New Health Economy” based on the changing dynamics of the health industry. Barnes spearheaded the transfer of PwC’s health expertise to new clients and industry sectors.

She led initiatives regarding public/private collaboration to create greater value in the health system and to help shape the dialogue around the future of health. Barnes established PwC’s Health Research Institute, which has created a significant body of research analyzing the shifting relationships of payers, providers, patients, and new entrants in healthcare. Aside from her professional achievements, Barnes is a nationally recognized speaker on topics ranging from the future of the U.S. health system to strategic and financial planning as well as business transformation. She is a Tocqueville Member of United Way, active in the International Women's Forum (IWF), serves on the Dean's Executive Advisory Board at University of Arkansas' Sam M. Walton College of Business and has been named one of Health Data Management's Most Powerful Women in Healthcare IT.

Barnes currently serves on the board of directors for Included Health and Fractal Health. She resides in Dallas, Texas, with her husband Steve, also a Walton College alumnus.
Unless otherwise noted, students listed in the Commencement program are candidates for graduation. Appropriate degrees and honors will be awarded following Commencement to the candidates who successfully complete all requirements. This is not an official list of graduates.
