

Switch to Student Profile

Workday automatically displays your employee profile if you have one.
Navigate as shown below to switch from your employee profile to your student profile.

The screenshot shows the Workday employee profile interface. On the left is a sidebar with a red header and a list of navigation links: Summary, Overview, Job, Compensation, Benefits, Pay, Absence, Contact, Personal, Performance, Career, and Committees. The main content area is divided into several sections. At the top, there's a 'Company' section showing 'University of Arkansas, Fayetteville' and a 'Manager' section. Below that is the 'Job Details' section with fields for Employee ID, Supervisory Organization, Position, Business Title, Job Profile, Job Family, Employee Type, Time Type, FTE, Location, Annual Work Period, Work Period, and Percent of Year. To the right of the 'Job Details' section is the 'Education' section with a link to 'University of Arkansas' and an 'Add Education' button. Below the 'Education' section is the 'Worker' section with a link to 'Razorback Employee'. At the bottom of the 'Worker' section is the 'Student' section with a link to 'Razorback Student'. A red arrow points from a text box to the 'Razorback Student' link. The text box contains the instruction: 'Click on the blue hyperlink underneath **Student** to navigate to your student profile.'
